

THE ROAD KIT

Multiple Ports

2 USB ports allowing to charge different devices simultaneously

Wide Compatibility

Works with most USB-A powered devices including smartphones, tablets, notebook computers and more

Car Charger 24W

Engineered for safety, efficiency and durability

IDEAL CAR SOLUTION FOR YOUR SMARTPHONE

Thanks to this kit, you will never run out of battery again while driving. Including the PNY Expand Car Vent Mount, a Dual Car Charger and a 2in1 Type-C/Micro-USB Cable, you will be fully equipped. PNY Expand Car Vent Mount allows you to use your smartphone in complete safety while driving. The robust clip of PNY Expand Car Vent Mount attaches easily to your vehicle's ventilation grille. 360° rotation enables you to change between portrait and landscape mode – extremely practical when navigating. The extension function makes it compatible with a wide range of smartphones. PNY's new range of cable car chargers are designed to procure fast and safe charging to your Micro-USB device.
